Judicial committee  
St. George congregation

Dear brothers,

We have received a letter from the Elders in the Beenleigh East congregation as well as a letter from the Society (April 3, 1992) regarding [BCH] and your recommendation for his reinstatement.

In their letter, the Beenleigh judicial committee has outlined a number of areas that concerned them in the case of [BCH]

One area of concern is that [BCH] is still holding to a pattern of deceit. It seems that on a number of occasions he has changed his story or denied certain events that he had already admitted before a Judicial Committee(s) in the past. On the subject of 'Judgment related to Repentance', one R.S. Scott (page 114) says; "Is the person cooperative? When questioned are his answers forthright?" Our concern is that over the years this problem of deception still exists. During his hearing [BCH] the Mareeba judicial committee and the Appeals Committee are always surprised before the Beenleigh Committee. [BCH] has continued a pattern of admitting or denying stories depending on whom he is talking to.

We concur with the observations and reports made to you brothers by the Beenleigh Judicial Committee also with the comments and suggestions made in the Society letter regarding this case that caution be exercised. We feel also that it would not be wise to re-examine [BCH] at this time.

Because of the complexity of this case we would encourage you to maintain contact the Beenleigh Committee for further information that has been compiled in this matter. This may help you to get a clearer picture of things. However if more information is required please let us know and we will gladly assist you in whatever way we can.

Thank you brothers for your consideration of the above comments. The

responsibility of judgment is a weighty one so we pray that Jehovah's holy spirit will guide you brothers as you handle this matter. We also take this opportunity to send you our warm Christian love and greetings.

Your fellow brothers,  
Mareeba Judicial Committee
