Mareeba Congregation
Judicial Committee.

Dear Brothers,

Greetings from the St. George Congregation.

We are writing this letter with regard to the written plea for re-instatement that we have received from BCH

Some three months ago he moved into our congregation from Beenleigh. He has conducted himself in all respects as a person wishing earnestly to come back into Jehovah's organization.

He has not missed a meeting since his arrival here and even travelled 400 k.m. to attend a circuit assembly within weeks of arriving here.

In talking to brother Monte Baker from Beenleigh he mentioned that they too felt that his conduct of late met with their approval and they were contemplating a favorable recommendation too.

As BCH is now in our congregation the brothers asked us to observe him and make the recommendation when we saw fit.

As his recent letter to us indicated it is his earnest appeal and desire to return to Jehovah's organization we therefore unitedly request that you give this matter your earliest, heartfelt and prayerful consideration.

We look forward to your early reply so that we know how the matter has been decided.

Your fellow servants upholding Jehovah's sovereignty.

Bernd Kloos
