St. Joseph's Home,  
Neerkoll.

15th October, 1959.

Dear Mr. Harris,

I wish to thank you very sincerely for arranging for **REDACT** (Migrant girl) to have her leg treated in Brisbane. Since she returned from Springsure she has given a deal of trouble here and also bad example to the children. Now that she is away Peace and order reign again.

While in Springsure she formed an acquaintance with an undesirable young man for whom she still has an attraction. If you kindly arrange for her to go to one of the Brisbane Homes when her leg is better, I'd be ever so grateful. She would then be removed from this danger. Enclosed is a list of the successful competitors in the Eisteddfods. I know these successes, from St. Joseph's, will delight you.

Hoping you and your family are enjoying the best of health and thanking you again for your kindly interest in the Home.

I am  
Yours V sincerely,

Sr. M. Clare.

(Sr. in Charge).

P.S. **REDACTED** unfortunately developed Tonsillitis and could not sing in the items for which she was entered.
