

FROM STATE CHILDREN DEPARTMENT
ROCKHAMPTON.

317

Subject: St. Joseph's Home, Neerkoll,
The Director,
State Children Department,
BRISBANE.

RECEIVED
- R OCT 1965

RECORD NUMBER	MINUTE
A5391 27919F	<p>Mother Eymard of the abovementioned Home advised this Office today that it has been discovered that one of the employees has contracted T.B. In consequence, all personnel attached to the Home are required by the Chest Clinic to be skin-tested and, if necessary, X-rayed. The whole operation is being taken care of by the Chest Clinic. It was particularly mentioned that REDACTED, born REDACTED is a distinct possibility as far as T.B. is concerned.</p>
A6473 T6082 5640N	<p>Further advice was furnished that the four REDACTED children, REDACTED and REDACTED, who were transferred from the Northern District in May of this year have been diagnosed as having Hookworm. This matter is being attended to and the children receiving appropriate treatment.</p>
A6474 T4080B 3917N	<p>In addition, as the three REDACTED children who are at present at St. George's Home, Parkhurst, accompanied the REDACTED from Townsville, the Superintendent of that Institution has been advised to have the necessary tests conducted by his Medical Adviser.</p>
A6472 T6299 6486C	<p>Further advice has now been received that REDACTED and REDACTED (REDACTED), St. Joseph's Home, Neerkoll, have now been diagnosed as having Hookworm.</p>
