22nd October, 70.

Dear Revd. Sister,

With reference to the enclosed School Health Services Department memo's which were forwarded by you to this Office, I wish to advise that on perusing these memo's, it has been noted that in the first instance the children concerned are to be examined by a Medical Practitioner for his remarks.

As Mr. J.V. O'Duffy is the Medical Officer for St. Joseph's Home, you should make arrangements with him to have the children concerned examined as soon as possible.

When the Forms S.H.S. XV have been returned to you by the Medical Officer, these forms together with the original copy of Form S.H.S. V are to be forwarded to the Sister in Charge, School Health Services Department, Bolsover Street, Rockhampton. Please refer to the memorandum Form S.H.S. 45D 1 for these instructions.

Should it be necessary that further treatment be carried out on any of the children concerned, please advise me accordingly.

Yours faithfully,

*[Signature]*  
 T. O'CONNOR  
 District Officer

The Sister in Charge,  
 St. Joseph's Home,  
 BERRIGALLA 4702.
