Dear Sir,

Re: New Motor Mower and Repainting of
Kindergarten

I wish to thank you for your explanation that there are no monies available for further subsidies during the current year. Beyond applying for the subsidies we have done nothing further in the above matters and are quite willing to wait till we lodge our application for the 1971-72 financial year.

Thanking you sincerely for the ready support you always give us whenever at all possible,

Yours faithfully,

Sister M. Condon
