Mr G.P. Knight,
 Brisbane Boys College,
 Kensington Terrace,
 TOOWONG, Q. 4066

Dear Mr Knight,

At its February 1980 meeting the Board considered your application for registration as a teacher.

I regret to advise it was determined that you are not eligible for registration as a teacher in this State as you have not completed an accredited course of teacher education.

In order to qualify for registration, it would be necessary for you first to complete an accredited course of teacher education such as a Diploma of Teaching from a college of advanced education.

Under the Education Act 1964-1976, government and non-government primary, secondary and special schools may employ only registered teachers in fulltime or part-time teaching duties.

Yours sincerely

R.K.
