Dear Sir,

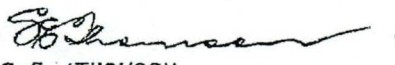

re Mr. G. Knight's Application for
Provisional Teacher Registration.

I write in support of Mr. G. Knight's application for provisional teacher registration. Prior to his appointment to the music staff of the Brisbane Boys' College I assured myself of his credentials, namely, that he was registered as a teacher with the South Australian Department of Education with seven years' teaching experience.

Since his appointment I have observed him closely, and I regard him as a competent teacher with teaching skills well above the average, In fact, as a teacher, I would classify him more highly than some registered teachers on this staff.

I sincerely trust you will give his application for provisional registration every favourable consideration.

Yours faithfully,

G.E. THOMSON
Headmaster.
