Mary Brackett from DSQ's Gold Coast Office has called me and advised that Maree Welch is theirs so could you please redirect this one through the DSQ system for response.

Thanks!

Hi Jayne. I have a feeling this is a DSQ matter due to references made in the letter. I have also done a range of client searches on the Families databases and am not coming up with anything. I've rung DSQ's regional office - they didn't recognise the name but someone from the Area Office is going to get back to me.

Given there is a ref in the letter to the DG having written to the author (Maree Welch) about a complaint regarding her child and a disability org (Gold Coast Family Support Group), can you do a search on your system up there to see if it is a DSQ matter or not?

If I hear back from the DSQ Area Office in the interim I will let you know.

thanks

Alyson
