M07980 is currently in the Minister's office. It was a response done by Brisbane South to Marie Welch re abuse prevention. Kay Pearse asked us to call Marie Welch and set up a meeting time - the ministerial at present is requesting she call us to arrange a time. Paul Cantrall called her today and has set up a time - we need to change the ministerial to reflect this. Would you be able to pull it and then send me an electronic copy (it was done by Brisbane South so I don't have one) - we will make the changes and send it back.
