Dear Sir,

This being my last term at Bible College - have been thinking on what to do next year and over the past term I have been made very much aware of the need in the Little Dutton Homes for Cottage helpers, and also through Lorraine Williams who has shared alot with me in her work there in the Homes.

I have been praying about this and asking around and believe that the next step is for me to write away to find out more information and also for an application form. So was wondering whether you could send me any other details also that I need to know.

And is there any opportunity for a person to work there without joining A.I.M for about 5-6 weeks in the Homes before Bible College begins again.

Thanks very much from Ethel McKay.
