P.C.C SCHULTZ reports during Operation Paradox 1992, Carmen MacMAHON of [REDACTED], [REDACTED] rang and reported on paedophile activities of Donald Bruce HENDERSON DOB 22/04/36 of [REDACTED]. MacMahon's information was from when HENDERSON was a foster parent to her and numerous other children a Retta Dixon Homes, Darwin over 17 years ago.

On 27/9/92 MacMahon attended Nightcliff CIB and an interview was conducted. During this interview MacMahon stated that she didn't wish to make formal charges against HENDERSON because the offences had occurred years ago. She has since seen him with young boys in his vehicle and also seen him hanging around the Anula shops. She is concerned that he is still molesting young children.

Details of MacMahon's knowledge of Henderson's activities in past taken and D.C.I.C. entry arranged for a Person of Interest on HENDERSON as he has a recorded conviction in 1984 for sexual assaults on young males.
