120 Collins Street
MELBOURNE VIC 3000

Dear John,

Request for Medical Records for **(RE /68) between 1981 and 1986**

Please read the enclosed request for medical records of the above received from Victoria Police.

I draw your attention to a File Note contained within the medical records (copy enclosed) which indicates that confidential correspondence from Ms has been lodged with you for safekeeping.

We have complied with the police request and have indicated that further material is with you.

As this matter has the potential for not only litigation, but in the current climate, media attention, it is imperative that I see the material John filed with you-could you please forward it to me as a matter of urgency?

If there is a problem with this, please call me to discuss.

Yours sincerely

Prof Glenn Bowes
Executive Director and General Manager
Royal Children's Hospital
