

Royal Children's Hospital, Melbourne

AUXILIARIES OFFICE

1 July 1999

Tony Browne
Network Executive Director

Dear Tony,

It has been brought to my attention that one of our auxiliary members Harry Puesehel has "overstepped the mark". Robyn Griffiths the Volunteer Co-ordinator rang me rather concerned that Harry had accessed the ward area by stating that he had been given permission by one of my staff. This being not true, and due to Harry's history, which is obviously not conducive to understanding his boundaries within the hospital I have taken the matter in hand on the auxiliary side of things. The auxiliary that he is connected with is Bones & Co. A very small auxiliary headed up by Helen Kilpatrick. I have spoken with Helen and advised her that if and when she is contacted by Harry, to say that the auxiliary isn't doing anything at the present time, and that if there are any problems with his persistent manner to refer him to me.

Should you wish to discuss this matter in any more detail I can be contacted on 6491

Yours sincerely

SALLY WATSON
Auxiliaries Co-ordinator
