Re: AWI [redacted] – UR [REDACTED]

Please find enclosed copy letter, which you may despatch to the Victoria Police in response to their request for medical records relating to AWI [redacted] between 1981 and 1986.

I presume that we have those medical records ready for despatch. I am not sure because of the volume whether they would be better collected by the Police or couriered and for that reason I have included the alternative in my first paragraph.

You will see that I have indicated to the police that there is further confidential material held by John Snowdon. Prof Glenn Bowes is to write to John to request this material asap.

I presume that the issue has been notified to our insurers, if not then please attend to do this as a matter of urgency.
