Dear Jane

Here is the information as a follow up to our meeting this morning.

MJ [REDACTED] attended St Ann's Fam 84 - Fa mil 93. Her parents are REDACT ED and REDACT ED Address: REDACTED REDACT ED IS a REDA REDACTED WK

ME [REDACTED] attended St Ann's RE 88 - RE DA 90. REDACTED was her REDACTED according to the School Register records. Her address then was REDACTED REDACTED In light of the photo we saw today BP was obviously involved in 1990.

I have checked LB [REDACTED] file and there are no records of any meetings with Claude re allegations with parents or anyone else. There are very few red files here so any ones that are of this colour certainly stand out.

However, I will send you a copy of a meeting I had with Family 5 Aug 1998 when we were trying to sort out post school placement for him. During the meeting they did mention that he was sexually molested and this had a very traumatic effect on him. I was blissfully ignorant about the whole story at that time and didn't ask any questions about the perpetrator. There are no records of psychological or psychiatric assessments or any other records re the abuse.

Contact details for me during the holidays are:

REDACTED That's phone & fax.

I will be at REDACTED from Dec 27 - Jan 6

I will have a few days over Christmas and then again in mid Jan at Family 5 with my family. Contact person for that is Carmel Critchley REDACTED I'm not sure of the actual dates yet but am happy to let Allan know of my moves closer to the time. If necessary I can turn on my mobile but I'd prefer not to, as I know I find it much harder to switch off from school while this is on.

Thanks again for all your continued support - it is most appreciated! Have a wonderful Christmas and enjoy your well deserved holiday

Kind regards

Loreto
