A/C (CRIME)	26/3/98	<p>The attached file relates to a member of a paedophile ring which was broken up by operation 'DENT' in 1993. This offender was charged with indecent offences but absconded on bail &amp; has now been located in Queensland. I have discussed the case with the investigating officer (Det Mosher). He advises that the victims are intellectually handicapped children who could not now be reliable witnesses. It is not cost effective to extradite on the remaining charge of 'parental interest' as the case is not strong. I recommend that relevant warrants remain on file pending possible return of this offender to this State.</p>	
A/C CSB	30/3/98	<p>I concur with your assessment. The pending return of offender to this R.G. Local State. Advise security officers to enable advice to Queensland Police.</p>	<p>W/C COMMAND SUPPORT BRANCH (CRIME)</p>
