

Staff Officer

Detective Conte has advised me that subsequent to the arrest of the targets for Operation Deny which occurred on 10th September 1993 that a debrief was conducted at the Holden Hill CIB by Detective Chief Inspector Peter Symons. Mr. Symons advised those assembled that he had received a phone call from the then Assistant Commissioner Crime Mr. Colin Watkins and that Mr. Watkins directed that no further investigations were to be conducted in relation to this matter. This direction has not been divulged to any outside persons. Detective's Moscheev and Ramm both have a clear recollection of this matter.

We may now be seeing the ramifications of that decision.

Any queries please contact Detective Conte
