

## DIRECTOR OF PUBLIC PROSECUTIONS

### MEMORANDUM

---

**TO:**

**FROM:** REDACTED

**DATE:** 27 June 2002

**SUBJECT:** BRIAN PERKINS - 2:15pm AMC

---

Perkins is charged with sexual offences concerning a disabled child (LH ) from the St Anne's Special School. The charges date back to 1991. Perkins absconded in 1993 and has been extradited recently from Qld.

I filed a Fresh Information in the AMC replacing the two old Informations. The decs have been filed. The matter was on to answer the charges last fortnight but defence sought an adjournment given that a fresh Information had been filed.

The matter is on to answer the charges tomorrow. REDACTED acts. I have contacted REDACTED. I have advised him that a further charge is to be laid concerning another victim (a disabled boy who was also at the St Anne's Special School back in 1991). This further charge is due to fresh information that the police received early last week. I have not received the decs relating to that charge. From what I do know, however, it is my view that it should be joined on the same Information as the current charges because there is cross admissibility. We therefore need an adjournment for the fresh Information to be laid and the decs to be filed.
