- Asked about truth + lies - asked if "Is there's a dog in the room, is that the truth "Is yes (couldn't understand what he's beyond that). I think he understood what I was getting at but couldn't talk about it properly

- Asked if it's okay to have a chat today "Is yes. "Is asked q's about kids in class + how he gets to school "Is bus - asked re details about who was on bus - answered. - Asked if it was ok if he came to speak w/ me again one day
 "Is yes

- Brought parents back in. Explained that ^{CDI} [redacted] was able to talk to

me today but not in much detail. It's I'm happy to meet with him again but I anticipate that he probably will never be willing / able to speak about it with enough detail to lay charges. I explained will be looking at the legal issues about what other evidence I can use + that's why it's taking time. [CDG] There will be a lot of angry parents if charges don't proceed.

[CDH] + [CDI] + Steve left room. Fabiana + I discussed with [CDG] how [CDI] is coping. S/S has been bed-wetting this week knowing that he was coming to talk about [CDF] S/S does not talk about what happened with [CDF] at all. Explained will be able to tell them more about what happened closer to next court date (in about 6 weeks)
