Received 8 OCT 1963

Dear Mr. Forwarded to, ASPS (G)

For

Durs. P.S. 9

my recent visit to the Eden Park Boys' School, I felt the lack of a clear cut policy concerning it.

Noticed in the Inspector's Register, as far back as 1958

Mr. J.R. Shaw's comments about the need for some change in the course of study to suit these boys. Mr. MacLeod, last year, made suggestions concerning the school: the school is still being run as an ordinary school.

I am listing some matters which I think, need thought & discussion:

- (a) the type & age of boys admitted to the home (liaison with the Salvation Army)
- (b) courses of study, particularly for the senior grades.
- (c) Selection of Head Teacher & Staff.
- (d) Possibility of transporting these boys to the Mr. Barrie Primary School.
- (e) need for new school building if (d) is not desirable.
- (f) the provision & supply of material, equipment, teaching aids, library books etc. There is neither a School Committee nor Welfare Club.

I found that the Head Teacher was not well informed on many matters concerning the boys & the Home. Closer liaison appears to be desirable so that a better understanding of the boys can be gained.

Yours faithfully,
 L. J. Burton. Insp. of Schs.

My detailed report is attached as requested.
