CLF

23<sup>rd</sup> March

We noticed CLF absconded after supper. We did a roll call at supper but noticed she did not return to the dorm after supper. We went through the dorm numerous times to look for her. She was usually with REDACTED but was not with her at this time. Once the girls were settled we went looking around the school for CLF (9:45pm), using the spacia, but did not find her. When we returned from the school, we clocked off (10pm) and noticed that CLF returned shortly after. When we saw CLF we were upset with her for breaking the rules and asked where she was. CLF then said that she was at Willows. CLF said she took off that evening because other girls were teasing her and she felt it was necessary to run away. We then explained that she should of told us so we can deal with it appropriately.

The image shows two handwritten signatures in blue ink. The top signature is a cursive name that appears to be "Kerrin". The bottom signature is also in cursive and appears to be "M. Hugo".
