

5 April 2006

I, Allison Archie, was on duty the evening of 23<sup>rd</sup> March 2006. I noticed that CLF was present at roll call but later walked off and did not return to the dorm. I noticed this because we did a few roll calls after supper and noticed she was missing from the girl's dormitory. Milli and Elma went to look for CLF in the spacia at around 8:00pm while I was back in the dormitory sorting uniforms. CLF returned to the dorm around 9:00pm to the scrubhen wing side. Girls told that CLF had returned and I told the girls to tell her that the alarm was on and to go to the front of the dormitory (side next to basketball court). Milli and Elma came back shortly and let her in. she was dirty and would not say anything to me. CLF then had a shower and went straight to bed (around 10:00pm)

Some of the times are not completely accurate as time has elapsed and I cannot remember exactly what happened.
