Re: LARKINS, Steven Andrew

8/4/03

P/c from Steve Larkins in response to fax sent yesterday. Steve Larkins denies that criminal history relates to him. Stated that he has never been charged with an offence and that he was never in court in 1999. Stated that in 1997 a young boy made allegations – no charges laid, and this was found to be malicious in nature. Steve Larkins will fax a letter outlining that he is not the person in the criminal history. There were no fingerprints taken for the offence in question, and therefore no way to ascertain without any doubt, Mr. Larkin's assertions.

Mr. Larkins asked for what birth date was listed, and stated, '...that is my birthday'. Mr. Larkins appeared very concerned that there is a matter listed with his name and dob. He continued to assert that he has never been charged, nor convicted of any offence, especially an offence against a child. He continued to assert that he was never in court in 1999 in Newcastle and knows no details or information as to why his name is listed next to such an offence.

Once letter has been fax, this matter to be discussed with Manager of the Screening Unit.
