

CASE NOTES

Re: LARKINS, Steve

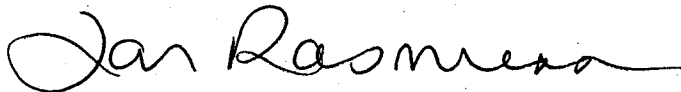

8/4/03

P/c from applicant. Information given to applicant. Applicant will write to the Local Area Commander requesting that matter be removed from the system. Applicant given Charge/Court dates and stated that in 1999 he was working in Alice Springs in a boarding school. Applicant will attempt to obtain relevant documents supporting that he was in Alice Springs at the time of the alleged offence, which he can supply to the NSW Police in supporting the removal of the matter from the system.

Applicant was distressed and questioned how he could have such a charge next to his name, without any knowledge of the matter. Applicant further stated that he is aware of another male known as Steve Larkin in the Newcastle area, as he has at times received phone calls and has indicated that he is not the same Steve Larkin.

Applicant will contact this Officer once decision made by Local Area Commander, so that a new screening check can be conducted.

The matter is to be 'on hold' pending final decision by NSW Police.
