Why was Adrian involved? PR manager.
Earlier this year Karen had asked AD &
Steve separately if anything had occurred.

Ted, Karen - "we" was to Steve to be exposed
to "press/investors", but that there was no
real concern.

HACS policy - cover could be workable.

The appearance of Ted & Karen's concerns to REDACT
& other executives is that there is safety concerns
with Steve re: AD

(Andrew - emotional blackmail...)

Admitted cover under the Act. - except policy?
