Dear AT

I refer to your letter to Mr Jim Moore, Acting Director General of the Department of Family and Community Services, with regard to your concerns about the operational and child protection policies and procedures at the out of school hours care service attended by your son, particularly in relation to a child care worker employed by the service who was recently arrested, and your enquiries about the regulation of out of school hours care in general. Mr Moore has requested that I respond on his behalf.

As matters relating to children's services come within the administrative responsibility of the Department of Education and Communities, I have taken the liberty of referring your correspondence to Ms Michelle Bruniges, Director General, Managing Director TAFE, Department of Education and Communities, for her consideration and direct reply to you.

Yours sincerely

Anne Campbell
Chief Executive
