AT  
[REDACTED]**RE: Invitation to meet with YMCA about Caringbah critical incident**

Dear AT

Following from the letter I sent to you on November 15, in which I invited you to meet with the YMCA, I would like to once again reinstate this invitation and hope that we can arrange a time to meet in the near future.

Now that the court proceedings are over, we feel it is a good time to meet and speak openly about some of your and other parents' concerns about the YMCA which have been evident in the past and may continue to be unresolved.

The YMCA shares your pain following the abuse of trust that Jonathan Lord inflicted on you and many of our other families and staff, but we continue to struggle to understand why it is believed that we have been complicit in these actions. I would like nothing more than to understand your concerns to ensure they are properly addressed by our organisation.

I look forward to hearing from you.

Yours sincerely,

Phillip Hare  
Chief Executive Officer  
YMCA of Sydney
