18 October 2011

Dear Parents/Carers

I am writing to you with some information about a police matter that has been reported in the media over the past few days.

A YMCA child care worker was yesterday charged in relation to alleged indecent assaults on two children in child care. While we do not know at this stage where the alleged assaults took place, the YMCA operate before-and-after school care and vacation care services in a number of schools in the Sutherland Shire area.

The YMCA worker has been stood down pending the outcome of the investigation. Little other information has been provided at this stage. Due to the nature of the charges and the significant risk of prejudice in the case, it is critical that the police be allowed to undertake their important work without impediment.

While I am well aware of the anxiety and concern that matters such as this can cause, I want to reiterate that carriage of this matter is with the YMCA. The advice we have received from them is that parents with any information or concerns to contact the Child Protection Helpline on 132 111.

Be assured that when further information about this matter is made available to us from either the YMCA or the police, I will pass that on to you.

Yours sincerely
