Dear AW

Thank you for your letter of 12 December 2011 that you co-signed with AT to the Hon. Pru Goward MP, Minister for Family and Community Services, with regard to your concerns about the operational and child protection policies and procedures at the out of school hours care service attended by your child, particularly in relation to a child care worker employed by the service who was recently arrested, and your enquiries about the regulation of out of school hours care in general. The Minister has requested that I respond on her behalf and I have provided AT with a copy of this letter.

As matters relating to children's services come within the administrative responsibility of the Department of Education and Communities, I have taken the liberty of referring your correspondence to Dr Michelle Bruniges, Director General, Managing Director TAFE, Department of Education and Communities, for her consideration and direct reply to you.
