Hi Glynn

I have spoken directly with Kirilos Saleeb CW at Sutherland CSC this afternoon post 4:40pm. As instructed he is recording all details on who is calling and the details.

He has only received 3 calls today.

1. One from a parent that wanted details on the matter – no concerns for their child
2. One from a father with two children : A referral (contact record) was made to the Helpline by the CSC
3. N/mother wanted info on how to educate her child on protective behaviours no concerns.

He did get a call from [REDACTED] yesterday – she identified herself as a detective, though was ringing as a parent – at that point Kirilos had not received a briefing from the JIRT, and asked for [REDACTED] details and has attempted today to call her back without success.

Given that there have been additional calls made to the LAC then there may need to be cross referencing of information on Monday – I will need to double check this with the Director of the Helpline. Happy to discuss

Cherie

Sandy,

We have taken numerous phone calls today about the ymca job from people wanting to know what is going on in relation to the flyer that was sent out by YMCA. Most of the people that rang are wanting to know what to do with their children. We have directed people with concerns to ring DOCS so a notification could be made. Speaking with sgt Donna O'Malley and she wanted to pass on some details of people that have rang for the OIC to make contact.

 [REDACTED]
 - Attends before and after school care 5 days a week at Caringbah YMCA

[REDACTED]
 [REDACTED]
 [REDACTED]
 - Attend Laguna St Public School

Received email from ymca and read the investigation note on police facebook .

- [REDACTED] attends before and after school care at Caringbah public school twice a week

- John LORD has babysat the children once in March this year.

There have also been numerous other phone calls taken from station staff and calls that were made yesterday which have not been documented.

Also took a phone call from [REDACTED]

She is the district guidance counsellor for the school region. Also the supervisor and senior psychologist for the local school district. She said that she does not believe that the schools should be organising any counselling for the school children that may have attended the before and after school care.

The principal of Public School 2 also rang and spoke to Donna where he said the school was not going to arrange counselling.

Donna just wanted me to pass on the details.
