Glyn,

Could you please check the attached sitrep? It will then need to be forwarded to the [REDACTED] email and to the Commanders at Sutherland and Miranda. I think it's important that there be no need for a media release until after court on Tuesday. The reason being that existing victims and their families are not aware of the interview let alone the details. Also, if there is any information regarding the new disclosures there may be some unnecessary angst amongst people who have no need to or the actual new victims families may be upset about about not being approached by investigators. The DPP will have to be liaised with regarding the new charges as well.

Thanks,

Mat LORD Sitrep 3.doc
