Dear Mr Sutherland,

RE: CN [redacted] of REDACTED

I write to confirm that CN [redacted] is my patient and is well known to me.

She has been treated for a depressive illness occasioned by events related to the court case she is pursuing in regard to the abuse she suffered as a child.

I am in no doubt either that she has depression or that the cause of this is the emotional stress and suffering relating to her pursuit of justice at this stage in her life.

Yours sincerely,
