T/a Simon Harrison; he said he believed that he had 38 probably 39 acceptances of settlement; he would be writing to Campion and CA to advise that they had problems with their limitation periods and that he would not be acting for them any more unless they were prepared to put up \$20,000.00 and \$14,000.00 respectively for costs; we to get instructions as to whether we would settle with the remaining 38/39; the other uncertain one was CK who had apparently some years ago attempted to set fire to himself as a result of his psychological problems; Simon believed that he would probably join in but it would take him a few days to achieve this result.

Telephone discussion with Rev'd Pat re conversation with Simon Harrison; he said he would be delivering us a letter confirming that Church would be prepared to settle with 38/39 but on basis that the other two were made aware that the Church had made what was considered a reasonable offer of settlement given the legal issues involved and that on settlement of the remaining 39 we would be instructed to close our file in the matter.
