POLICE STATEMENT:

(Towards Healing - Clause 37)

The Catholic Church has strongly urged me to take my complaint to the police or other civil authority. It has been carefully explained to me that any process the Church establishes cannot compel witnesses, subpoena documents or insist on a cross-examination of witnesses. It cannot impose the same penalties as a criminal court. Aware of these limitations, I still state that I do not wish to take my complaint to the police or other civil authority at this time and I ask that a Church process be established.
