DG

REDACTED

Dear DG,

Thank you for your letter of 28 April which arrived here on 5 May.

Could I suggest 3.00pm this Thursday (11 May) to meet with you?

I am totally unfamiliar with REDAC. I would have driven through on my way to and from Cairns about 20 years ago, but have not returned there since that time. Could I therefore suggest that we meet outside the Post Office at 3.00pm? I will leave it to you to decide where we go to from there. If the Post Office is on the corner of an intersection then I will be standing on that corner. If however it is in the middle of a street then I will stand at the kerb side immediately in front of the entrance.

Should there be any problem with these arrangements would you please contact my private secretary (Mrs Joëlle Coulon) as a matter of urgency on the above number and she will relay the message to me. It would be important to convey any such message before 11.00am on Thursday when I intend to depart from Townsville and head to REDAC.

I again assure you that my primary intention is to do whatever I can to assist you.

Yours sincerely,

Michael Hill FMS
