LISMORE. N.S.W. 2480.

My Lord,

Further to your letter of 13th June, I contacted Fr. Brown about a week later. He informed me that the books were all written up and balanced, but as the statements had been prepared by an accountant from Lismore, he would like that accountant to be present at the time I inspected the records. I agreed with his request. He then undertook to contact his Lismore accountant and arrange a time suitable to both of us. He considered that it would take about a fortnight before the inspection could be arranged. I requested that I be given a week's notice of our meeting. I have not had any communication since then.

At this point, the time delay is not unreasonable, but I consider that you should be aware of the position. I will advise you when the appointment has been made.

Yours faithfully,

.....
