Subject: RE: Towards Healing

Thank you for your communication. I am pleased to hear from you.
I had previously advised Mr Mullins that my husband and I are not available from 28th May - 17th June, The date of the 24th of May is great for us. I am keen to move forward as this has been a difficult process, however I have appreciated all the support during the process. Bernadette I can be contacted anytime if required

Kind regards

jennifer

Dear Jennifer

I have taken over from Pat Mullins as Director of Professional Standards.

I would like to speak with you to talk about the next stages and identify what support you will need. Please advise a time it would be convenient for you.

The next step is a facilitation with a representative of that Lismore Diocese.

Michael Salmon, my counterpart in Sydney and an extremely experienced facilitator has agreed to make himself available for this process He is available either 23 or 24 May with a preference for the 24th. These dates might not be convenient for the people you would like to bring with you. If these dates are too soon can you tell me some dates that might work for you in June or July.

I hope to speak with you shortly but wanted to give you information about possible dates as soon as possible.

Bernadette Rogers
