**Note Memo**

Telephone call to **DK** to introduce myself - also left my contact details.

**DK** spoke about his anger and his suspicion that Brs Gerald & Andrew knew or should have known of Murrin's behaviour. He said that at the very least they (particularly) Gerald should have been alerted and concerned by his drop in grades.

A couple of issues raised by **DK** during our discussion were as follows:

\* He wants **DL**'s costs for being in attendance on the day to be covered.

\* His wife will also be present as another support person.

\* He wants an acceptable financial settlement but also to be 'released' from his anger so that he can get on with his life.

\* He wants information as to how St Augustine's College in Cairns will deal with current Child Protection Matters and historical allegations of abuse (this is coloured by the reported lack of knowledge of the current deputy John Doolan). (Why was Doolan not aware of Catholic Education Service Manual of Cairns or TH?)

This will need to be followed up with Alexis.

ACTION: 1 Return to MS for follow-up with Br AT.

3/3/10 - I call to Brother AT.

Briefed him on yesterday's telephone  
 conversation with **DK**
