
SECTION 4

INFORMATION ON STUDENTS' PROTECTION

Catholic School Authorities are encouraged to include in this section useful information for staff, students and parents/caregivers in relation to issues of student protection. The same information might from time to time be used as resource material to in-service staff and for education of students and parents/caregivers, but is included here for the benefit of all who wish to be informed on these important issues.

The material is included in this Manual since the purpose of the Manual is to bring together all documentation the Authority uses in relation to issues of student protection.

Note: A copy of the following can be obtained from the Authority indicated:

- **“Student Protection: Student Protection Information for School Personnel” published by Catholic Education Archdiocese of Brisbane 2002**
