Hello

I got caught up with someone else and did not get a chance to contact SARC regarding their services when there is a court case involved. Their business hours are 8:30-5:00 so I will catch them tomorrow.

Here is a link to Victim Support Services -

http://www.victimsofcrime.wa.gov.au/V/victim_support_services.aspx?uid=7806-3612-3048-1357 they might already be linked in with this.

I have attached some information on children and trauma for your or the parents information.

With the Year 6 & 7 students me and RED can do some initial assessment if required? We would need to be in the initial case conference though to get information from the parents and permission.

Thanks
