Thanks

Hi WD

Thank you so much for taking on board this case which must be very difficult for you too.

It's probably the last thing you want to deal with but do not lose any sleep. We are determined not to.

All is well with the whole family and we will all co-operate to see this case through.

When it is over it will be good for the school, and good for all of us.

You can be assured of our full co-operation and we will keep you fully informed. I can imagine the whole process will be slow and methodical.

As WQ informed you, the police are setting up a case file and will interview WP in due course. I'm so pleased he has been able to get it all out in the open. Pity it took so long for him to speak out.

It will be made easier because we are all on the same side.

Keep up the good work,

WR
