Subject: RE: Professional Standards Unit

Dear WQ

I shall forward the contact details of a counsellor to you ASAP (as soon as I receive the same from the Professional Standards Unit).

Regarding YB I have met her twice (once with YC and once by herself) to talk through the issues and I know that she is 'doing it tough'. I will send counsellor details to her as well. Thanks for the notice.

Stay well WQ

Dear WD

I have spoken with WO and she said that I should ask you for the contact details for The professional Standards Unit. I do need some help in dealing with what's going on. I know that YB also may need the details, but I am not sure whether or not I can pass them on to her, or if she has to approach you. I feel that she is in need of a call from you, like you have done with me ...so that she knows that you are there for them. It may not be my place to suggest it - but I know that they are hurting and that it may help them, as it has done us.

Kindest regards

WQ
