ACU

29/4/92 See direction from A. F. French A/ADM underneath, ACU was seen at Trinity High on 29/4/92 in the company of **Section 29**. The reason for my visit to ACU was to ask her about the names & addresses of other children whom she knew had been abused by the perpetrator, Brother Sutton.

ACU

told me she thought approx. 25 children had been abused by Brother Sutton. She can name most of the children. She said some however would not want their parents advised. Because of their age, most over 16 years, we may have to respect this.

**Section 29**

said before any information is given we should check with the Principal of the school, Sister Mary Cunane as she may object to the children being seen at Trinity.

cc. ring Sister Mary re above.
