SYDNEY. 2000

Dear Margaret,

I would just like to thank you very much for coming out to Westmead the other day for what was a very informative and welcome discussion on the medico-legal issues on child sexual assault. All the registrars and social workers involved at that meeting were extremely grateful of your time and welcoming of your input. As we discussed, I feel that regular sessions such as this would be much appreciated in an ongoing educational setting to improve the doctor's understanding of the legal process and their role as an expert witness within it. As I mentioned to you, this is an area is poorly taught in our medical education but I feel especially in the area of sexual assault, an essential skill in managing this problem.

I think we agreed that the next time we meet would be June 16th at 1.30 p.m. If this is still convenient, please let me know and I will send you a reminder sooner to the date. Thank you once again for making the time available to come out to Westmead.

Yours sincerely,

Paul Tait
