Dear Margaret,

I would like to thank you, on behalf of all those who attended your talk on the 16th June for another informative and productive discussion on the role of the 'expert' witness. We were all appreciative of your time and effort battling your way out west.

The video recording was a success believe it or not. Copyright proceedings are underway and we'll contact you about distributor rights in the near future.

I hope all goes smoothly with the latter stages of your pregnancy and you have an uncomplicated, enjoyable delivery.

In anticipation of meeting with you for further discussions in the area of child abuse and the law, I thank you again.

Yours sincerely,

Paul Tait
Paediatrician
