Ms. Margaret Cunneen
Senior Principal Solicitor
Child Sexual Assault Unit
265 Castlereagh Street
SYDNEY. NSW. 2000.

Dear Margaret,

Thank you for contributing to the Child Maltreatment Conference which we held between March 16th and 17th 1989. Your personal contribution was an important factor in its' success.

You may be interested to know that more than 175 people participated in the Conference, including over 150 registrants and more than 20 contributors. Both word of mouth and written assessments testify to the high standard of presentation in the plenary sessions and workshops. Such universal praise is unusual in our experience.

Although the content was excellent the venue was less of a success. Apart from the problems with temperature control in the Blakett Theatre, we had to arrange catering ourselves because of a staff strike. Fortunately, the Royal Hotel turned out to be a real find, and we will repeat the lunches over there at future conferences.

We apologise for any inconvenience you personally may have experienced.

We have attached a list of registrants and addresses, as well as contact information about all of the participants. We hope this will be of interest and use to you. Thank you again for your help in making the Conference such a success.

Yours sincerely,

Brent Waters,

Kieran Moran
