

What makes Knox Grammar School a safe place for children and young

The NSW Office of the Children's Guardian is working with Knox Grammar School to learn more about how they make the school a safe place for children and young people.

Your thoughts and opinions are very important to us, and if you decide to take part in this survey, we will use the information you give us to help other organisations to create safe and welcoming environments for children and young people.

The survey is anonymous which means we won't be able to identify you. It's not a test and there are no right or wrong answers. We're only interested in your thoughts and opinions.

If you need help to understand any of the questions, please ask a parent, older sibling, or another adult that you know well.

Thank you for taking part in the survey.
