Dear John,

I write in reply to your request that information be provided regarding Mr Craig Treloar's time as a Resident Master in Gilmore House during the period of the 1980's.

During Term 2 of 1988, the then Head of the Preparatory School, Mr Michael Jenkins informed me that Mr Treloar had been reported for showing an inappropriate video to a boy/some boys in the House. I am unable to recollect if there was one boarder involved or a small group.

Mr Jenkins asked me for my opinion regarding the matter to which I indicated great surprise. I also remember stating that, for Mr Treloar's own benefit, he should leave boarding and resume a more 'rounded' lifestyle as soon as possible.

The School's decision was that Mr Treloar leave boarding immediately and the Prep. School for one semester and return in 1989. Since that time I have never had any reason to suspect that Mr Treloar is anyone other than a totally committed and dedicated teacher who has made an invaluable contribution to the School.

Regards,
