FROM: ASO [redacted] Principal
RE: Mr ARH [redacted] (ex-teacher) / [redacted] (pupil)
FILE: CHILD PROTECTION CONFIDENTIAL

1. In late 2009 School 1 where ARH currently works, found on his laptop approx 150 photos of boys the majority of them being of one boy in particular: [redacted] a current pupil of School 2
2. Headmaster of School 1 ASB [redacted] and I have discussed this in depth. No action is to be taken unless the [redacted] parents raise a concern as they appear to be comfortable with ARH in their home and tutoring their son.
3. School 1 have prepared a detailed submission for the NSW Ombudsman in the light of allegations and evidence gathered at that school and have been given copies under "Chapter 16A" of all relevant documents on ARH from School 2 files.
4. The Headmaster of School [redacted] has concluded that a finding of sexual misconduct against ARH is appropriate which should prevent him working in a school in the future. Mr ARH has submitted his resignation which cannot be processed by School 1 whilst the investigation by the Ombudsman is pending.
5. ARH had been turning up at School 2 water polo games in Term II and only on the pool deck and taking photographs of [redacted] s team. This was only reported to me at the start of Term III. The Northern Suburbs Schools Water Polo Association has been contacted by me and advised that ARH has nothing to do with School 2 and should not be allowed on the pool deck.
